NOTICE OF TES 668 APPROVAL

Dear Sonia,

This is to provide official notification that the Petro-Canada Lubricants product listed below has been tested and approved by Allison Transmission Inc. per Transmission Engineering Specification 668 (TES 668). No other document is recognized as proof of approval. This approval applies only for the product listed below and shall not be construed as approval of any other product manufactured, blended, packaged or marketed by Petro-Canada Lubricants.

Approval Number: AN668-10012020
Company Name: Petro-Canada Lubricants
Product Brand Name: DURADRIVE™ HD SYNTHETIC 668

The above listed product has been qualified in accordance with TES 668. Changes in formulation are strictly prohibited without the expressed written approval of Allison Transmission, Inc. Allison Transmission shall be notified prior to any planned changes to the above Product code (formulation) including base oils, additives or additive components, additives suppliers, and/or dyes. Note: Failure to inform Allison Transmission of changes in formulation will result in immediate disqualification and annulment of this approval.

Sincerely,

A handwritten signature in black ink, appearing to read "Otto Szalavari".

Otto Szalavari
Director, Global Aftermarket Products and Services
